Quick

1. 1 Starts the play when she dribbles at 3.
2. 2 and 3 sprint across
3. 5 stays put and 4 moves below the 5 when the 3 is about even with them on the lane line. The 2 is slightly past the rim so x4 will react to the 2 while 4 moves below the 5.

The timing is very important

1. When x4 gets slightly below of x5 then the 5 steps and seals x5 and 4 cuts hard up the lane line.
2. 4 looks post feed or elbow jumper
